RESPONSE TO EXAMINER'S AMENDMENT ISSUED WITH NOTICE OF ALLOWANCE  
ON MARCH 29, 2005 AND CORRECTION FOR FILING RECEIPT

Sir:

An Examiner's Amendment appeared with the Notice of Allowance mailed on March 29, 2005 with respect to the above identified application for patent. The Examiner has inserted into the application the cross-reference to related applications with respect to this application being a continuation of international application no. PCT/RU00/00181, filed May 16, 2000. This Amendment is correct and is consistent with the application as filed and the Declaration. However, it appears there is an error in the official filing receipt. It is requested that the official filing receipt be corrected to indicate the continuation status of this application as reflected by the Examiner's amendment.
